Class Structure: On most days, class will be organized as follows: first, the class as a whole will discuss a given polity. Next, the class as a whole will discuss the assigned reading and the topic of that day. During the remaining class time, we will break up into smaller groups and work on the exercise created for that day, perhaps meeting as a whole to discuss what we have done.

Grading: The final examination will count for 40% of your grade. A midterm examination will count for 30% of your grade. Class preparation, participation and attendance will count for 30% of your grade. Class participation includes attending class, on time. Class participation also includes evidence of preparation, and thoughtful contribution to the class discussion, as well as timely completion of any in-class assignments or projects and exercises. The instructor will not sign drop forms after October 8.

Electronics: Electronics may not be on or used while class is meeting as a whole. Electronics may be used in the smaller group exercises.
