HCMG 101 – HEALTH CARE SYSTEMS
Spring 2020
T/TH 1:30-2:50, SH-DH 351

Scott Harrington
Alan B. Miller Professor and Department Chair, Health Care Management
harring@wharton.upenn.edu
Office hours: Thursdays, 3:00-5:00, 206 Colonial Penn Center, and by appointment

TAs: Nina Underman (nunderman@wharton.upenn.edu) and Mosum Shah
(mosum@wharton.upenn.edu). Office hours to be announced. TA office hours held in the HCMG Lounge, Colonial Penn Center (on Locust Walk across from SHDH), basement. If you cannot make office hours, please make appointment with the TAs or me.

OVERVIEW
This course introduces and examines the main features of the financing and delivery of health care in the United States. It covers health care spending, the relationship between health and health care, private and public health insurance, providers and services, provider reimbursement, health care reform, and factors affecting health policy. The course pays close attention to the economic incentives facing institutions and individuals and to the economic context of important health policy issues.

READINGS
Required: Paul J. Feldstein, Health Policy Issues: An Economic Perspective, 7th ed., available at the PENN Bookstore. (The 7th edition has two new chapters versus the 6th edition. The 6th edition does not reflect recent changes in the health care system and has older data. The 5th edition has the same chapter numbers as the 6th edition and very old data.)

Additional readings are posted on Canvas. If you have problems accessing Canvas, please contact Jennifer Gray, jengra@wharton.upenn.edu.

LECTURES
Outlines/slides for lectures will be posted on Canvas prior to class. Speakers may expand or cover additional material beyond the slides.

MIDTERM EXAMS

<table>
<thead>
<tr>
<th>Exam</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Exam 1 (February 13, in class)</td>
<td>100 pts</td>
</tr>
<tr>
<td>Exam 2 (March 24, in class)</td>
<td>100 pts</td>
</tr>
<tr>
<td>Exam 3 (April 28, in class)</td>
<td>100 pts</td>
</tr>
<tr>
<td>Writing assignment (April 14)</td>
<td>50 pts</td>
</tr>
</tbody>
</table>

The exams will be non-cumulative and a combination of multiple choice, identification, and short answer questions. **Exams must be taken when scheduled and can only be made up with an excused absence pursuant to University rules.**
WRITING ASSIGNMENT
You are required to write a 200-250 word reaction/opinion/analysis of an article or blog post dealing with health care in the form of a “letter to the editor.” Candidate articles/posts will be posted to Canvas during the semester. **Due date: April 14.**

I will grade the assignment based on substance (what you say) and exposition (how you say it). If you request a regrade, both TAs will read your assignment and refer it to me for further review if they feel an adjustment may be warranted. A regrade can result in an increase, decrease, or no change in points.

BONUS QUIZZES
There will be four **unannounced bonus quizzes** during the semester. Each quiz will deal with material from the previous class. You will earn 4 points for a correct answer and 2 points for an incorrect answer. Your quiz points will be added to your exam and writing assignment points to derive your point total. **Quizzes cannot be made up for any reason.** You should not ask me to do so.

GRADING
Your grade will be based on your total number of points (including quiz bonus points):

- **A+, A, A- range:** 315 and above (315 is 90% of the 350 exam and writing assignment points)
- **B+, B, B- range:** 280 – 314 (80-89% of 350)
- **C+, C, C- range:** 245 – 279 (70-79% of 350)
- **D+, D, range:** 210 – 244 (60-69% of 350)

Plus and minus cutoffs will depend on class performance and be close to endpoints of the relevant range. **Those cutoffs will not be disclosed.**

CLASS PROTOCOL
Attendance is important; participation is encouraged. You should seek to arrive on time and, unless you inform me prior to class or become ill during class, stay throughout. Please remain quiet unless participating and abide by the rules announced in class regarding electronics. Protocol violations may be penalized by point deductions at my discretion.

GUEST SPEAKERS
- **Molly Candon, PhD,** Research Asst. Professor, Dept. of Psychiatry, Penn Center for Mental Health
- **Stephanie Doupnik, MD, MSHP,** Assist. Professor of Pediatrics, School of Medicine
